

Inter Department Correspondence Sheet

TO: George Homewood, Director of Planning

FROM: Chuck Joyner, Assistant City Engineer

COPIES TO: Lee Rosenberg, Environmental Service Manager

SUBJECT: Cottage Line Dune Integrity Assessment

July 17, 2014

Please find attached final copies of the Cottage Line Dune Integrity Assessment Study, Volumes 1 & 2. Volume 1 is the study which was previously shared with the residents of Cottage Line, City staff, and the various regulatory agencies. Volume 2 is the follow-up study which included an analysis of the effects of multiple storms, relative sea level rise, and placement of the fill removed from the tops of dunes in front of the existing primary dune line.

Please share the attached studies with all interested parties as necessary and appropriate.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Chuck Joyner', with a stylized flourish at the end.

Chuck Joyner
